### Summary

#### *Very Profitable and Established Medical Transportation Company*

This non-emergency medical transportation company is a well known, high volume company operating solely in Los Angeles County. Excellent profit of \$800,000 from \$2,100,000 from annual revenue. Excellent growth opportunities.

**NOTE:** Medical transportation businesses are very desirable and sought after currently. A huge population of "Baby-boomers" are reaching advanced age and medical related industries are seeing excellent growth. We sell these Listings very quickly.

The company was founded in 2010 and currently operates a well maintained vehicle fleet of 19 wheelchair equipped vans. Their patient services include all facets of non-emergency transport; doctor and dental visits, dialysis treatment, nursing homes, pharmacies, physical therapy clinics, rehabilitation centers, chemotherapy and radiation treatment facilities to list a few. They offer services in English, Spanish, and Armenian.
