### Summary

A SaaS platform created for the daily work flows that contractors encounter. The technology launched in the summer of 2022 and has \$8,100 in annual revenue. The owner is involved in another business and is unable to give this business full attention, which is the reason for the sale. Desktop, tablet and mobile app in English and Spanish. Technology enables customers to build:

- professional looking proposal & contracts
- project management
- team management, job scheduling, and full scope of profit & overhead per project.

Additionally:

- Owner is willing to stay on post sale to help with business development
- Seller has 1500 leads in CRM
- Software maintenance is outsourced
